### Key Terms

#### Mortgage Approval

A mortgage approval is defined as a "firm offer" to a customer of a credit facility secured on a specific residential property. A mortgage approval arises when the lender issues a formal offer of mortgage finance to the customer (whether it be in print or some other durable form) for a specific residential property and after a valuation report and any other necessary documentation have been received.

#### House Purchase

A house purchase approval is an approval for a mortgage loan issued for the purchase of residential property (houses/apartments) which is to be owner-occupied or used as a residential investment property or a holiday home. House purchase mortgages include those for first-time buyers, mover-purchasers and residential investment letting.

#### Re-mortgage/Top-up Purposes

A re-mortgage approval is an approval for a mortgage loan which is issued by one lender to refinance an existing mortgage with another lender. A top-up approval is an approval for a mortgage loan which is issued by a lender as a further mortgage advance to an existing borrower which is issued to finance expenditure other than house purchase.
